

THE KONKAN TOUR

UNLOCK THE COAST

NOV 8TH - NOV 11TH

UNEXPLORED GEMS OF THE COAST AWAIT YOU

Tourists go to a destination to see what it is known for and to witness its landmarks. But riders are a different breed. They travel to destinations to explore every nook and cranny, to uncover the hidden gems. Checklists and landmarks don't bind them; they find their routes and discover their coves and vistas.

The Konkan Tour is all about experiencing the back roads of Konkan, magnificent vistas, and a fantastic 4 days of riding by the beach.

MEET SARATH SHENOY THE EXPLORER PAR EXCELLENCE

Sarath Shenoy needs no introduction as most biking enthusiasts know him through the 'Roof of the World Odyssey' - an epic ride that saw him traverse some of the most difficult stretches in the Himalayas on his Dominar 400.

With over three lakh kilometres of riding in India, Nepal, and Bhutan, Sarath is one of those riders who knows a thing or two about riding.

His passion for photography and food will ensure that no one will miss out on opportunities to make the most of the Konkan Tour.

ASSEMBLING THE CREW

Dominar Riders from Mumbai assemble at the M2M ferry (Princess Dock, Mazgaon). Riders from Pune either join the Mumbaikars at the M2M ferry or start with the second batch that flags off from their city.

Before the journey begins, all the bikes will undergo a thorough inspection and the riders will undergo a detailed debriefing session. Both groups then meet up at a pre-decided lunch spot and ride together to the destination.

UNLOCKING THE ITINERARY

DAY 1

BEGINNING THE VOYAGE FROM MUMBAI/PUNE TO DIVEAGAR

Fort, ferry rides, with a dash of waterfalls and lighthouses - that's all part of the many historic discoveries you will be making on the first day. Korlai Fort, for example, was built in 1521 and was once used to house 7,000 horses and an equal number of men. And you thought Konkan was just about the beaches!

DAY 2

DIVING INTO THE DEPTHS FROM DIVEAGAR TO DAPOLI

The ride to Dapoli will see you riding through scenic beaches at Aravi, Srivardhan, and Anjarle. The high point? Witnessing life find a way at the Velas Turtle Festival where newborn Olive Ridley Turtles are released into the Arabian Sea.

DAY 3

COASTAL REVELATIONS FROM DAPOLI TO RATNAGIRI

A pure coastal ride, Day 3 will see you warm up for the roads of Ratnagiri. The high of revving through the straight roads adjacent to Guhagar beach will be matched only by the excitement of careening around the hairpins leading to Jaigad Fort. Fun fact - the fort is one of the few of its kind in India that's located at the meeting point of a hill, a river, and the sea.

DAY 4

ELEVATING THE RIDE FROM RATNAGIRI TO GOA

The ride reaches new heights, literally, with the winding roads of the western ghats. The verdant ascent to Amba Ghat and the spectacular descent to Devghali Beach are all part of the day's ride. The best part? The pristine, post-monsoon views from Manoli and Paleshwar dams.

RIDE FEES

INR 9000/- per person

RIDE INCLUSIONS

The curated route, ride coordinators, support vehicle and mechanic.

Twin sharing stay and two meals (Breakfast & dinner).
